public comment (may be limited to 5 minutes per person)

approval of minutes from core team meeting on 2018/11/30.

review of action items from previous minutes

(1) Team Building Richard Seaman

How do we deal with perfectionism?

pluses: BHAG

minuses: decreased morale

(2) Focus and Balance Richard Seaman

Since we have limited finances, time and human resources, and since the task we are undertaking is so large, we need to maintain tight focus on our goals. This will mean not undertaking projects which are valuable, but not related to our goals. Should we have a mission statement to capture what the goals of Fire Safe Camp Meeker are?

To achieve our goals, we will have to balance activities such as team building within the core team, community building, education, planning, and undertaking of restoration, fuel reduction and defensible space tasks. What are some principles and policies we can put in place to help us achieve appropriate balance?

(3) COPE groups Richard Seaman

Discussion of what we hope to achieve through setting up these groups, and how we should go about setting them up.

(4) core team members reports

Discussion by each core team member of their activities since the last meeting, and in the future.
